ORGANIZED: NATIONAL RURAL NETWORK

The NRN is the meeting point that connects all people and entities related to the rural environment, with the aim of publicizing and facilitating access to Rural Development Programs. At the same time, its purpose is to make the population aware of the importance that the rural environment has for our present and future.

The unit responsible for the NRN is the Sub directorate General for Dynamization of the Rural Environment within the Directorate General for Rural Development, Innovation and Agro-Food Training of the Ministry of Agriculture, Fisheries and Food
